

Seoul clinic booking checklist

Keep the details in writing before you commit to an appointment or travel plans.

EIGHT THINGS TO CONFIRM

☐ **Confirm the branch and English contact**

Use the clinic's own website to check the exact branch and its English inquiry channel.

☐ **Match the product, volume and sessions**

Record the full product name, total cc, number of sessions and included treatments.

☐ **Get a written, itemized price in KRW**

Ask for the total including VAT, required extras and any separate consultation charges.

☐ **Check offer eligibility and expiry**

Confirm who qualifies, which branch applies and the valid booking or treatment dates.

☐ **Prepare for the consultation**

Confirm the consultation language. Save your questions for the clinician, who assesses suitability.

☐ **Read the payment and change terms**

Confirm any deposit, cancellation, refund and rescheduling conditions before paying.

☐ **Distinguish a request from confirmation**

Get an explicit confirmed date, local time and branch in writing. An inquiry is only a request.

☐ **Plan hotel and transport after confirmation**

Check the confirmed branch address before arranging your stay and local transport.
